

7003 METAL BRO

SANITEC
PETRANOVA

DESCRIPTION	Cleans and removes oxidation on hard surfaces in metal and light alloys.
SPECIFICATIONS	Effectively removes dirt and oxide without scratching or leaving streaks. Restores surfaces to their former glory and guarantees a long-lasting result.
HOW TO USE AND DOSING	Ready for use. Apply the product directly on the surface to be cleaned by using a brush, a sprayer or a non-abrasive sponge. Rub the surface to be cleaned clockwise and anticlockwise. Rinse the surface with a cloth soaked in water or a pressure washer if needed.
SPECIFICATION	Appearance: transparent colourless liquid pH: 1,0 +/- 0,5 Specific weight [g/ml]: 1.045 +/- 0.020
USE AND COMPATIBILITY	Steel, stainless steel, copper, brass, bronze and aluminium. Do not use on wood and materials sensitive to acids. Immediately remove splashes of solution from acid-sensitive surfaces and rinse thoroughly with water.
USE & STORAGE PRECAUTIONS	Store in original containers. Avoid extreme temperatures. See the safety data sheet for more information on use and disposal.
CHEMICAL COMPOSITION	See the safety data sheet for more information on the product's ingredients
WARNINGS	FOR PROFESSIONAL USE ONLY. The information contained in this Technical Data Sheet, recommendations for use and applications of the product are based on our knowledge and on the tests carried out on the product as of the date of this document. The product may have different applications and operating conditions may vary depending on materials and environmental conditions we are not aware of. Italchimica cannot therefore be held liable for the suitability of the product and the results for your processes, as it does not know the details of your conditions of use. We recommend carrying out small scale tests to confirm suitability. The Company shall not be held liable for incorrect use of its products. Our technical service is at your service to identify the optimal conditions of use for the products.
